TREASURES FROM OUR TRADITION

The pilgrim experience of going by foot to Santiago de Compostella, the shrine of St. James,

reaches its high point a month from now at the feast of the Apostle. By now, tens of thousands of pilgrims are already on the road. Typically, they cover twelve to twenty miles a day through rough territory. The difficult journey and the often primitive lodging facilities are made bearable by the joy of the pilgrims, their songs and prayers. When their journey is documented properly, they receive the scallop shell, a reminder not only of James the fisherman, but also his call to fish for human beings and to baptize the nations. In the Middle Ages, those who wore this badge on their hats were granted lodging and hospitality wherever they went. Next to the palm, the sign of a Jerusalem pilgrim, the scallop shell was most highly prized.

In the Middle Ages, some people so enjoyed the pilgrim road, although it was filled with discomfort and danger, that they spent most of their lives on the road. Today, some people take up the route for exercise, but are drawn gradually into the spirituality of the journey. As you make your summer travels, always fold in an element of pilgrimage: a long walk through beautiful countryside, a visit to a church, a prayer of gratitude for your journey through life's hills and valleys.
